

THE EPILOGUE

SUMMING UP – NOTES FOR 2003

What originally was going to be brief “fly-by” of the unusual solar events of the past five years, escalating rapidly as readers will have observed, to the present day, culminated in somewhat more of a complex piece of research. However, this may be construed as advantageous in many ways, as by now you will have (hopefully) read through and checked the many interactive references, data and comments. Thus armed one must definitely come to the conclusion that something is going on with our sun and that basically we are definitely not alone in all of this!

I have attempted to trawl through every conceivable scrap of evidence relating to the anomalies of the sun and associated data, to demonstrate that over a period events are escalating to an event that may be realised very soon. The data and accompanying photographs I have included for you to study at your leisure, in order for you to arrive at your own conclusion and to encourage closer inspection of the available data and satellite feeds.

However, bearing in mind the above, many have asked me what I really believe is occurring. This is a most complex scenario and is not an excuse to opt out for an explanation, but I will attempt a brief overview, in the meantime it would be good to follow the work at Ambilac and the regular data provided at ORBIT.

In our earlier work at Ambilac we came to the conclusion that the so named Solar Cruisers (or Plasma carriers) were of Eridanean origin that is from the constellation of Eridanus. We offered considerable evidence in our articles to demonstrate this thesis, and as you may read from the Trebor letters in the appendices, we were not the only ones to arrive at this conclusion, bizarre as it may sound.

It was not clear, however, what was the real purpose of their appearance until recently. If you recall, at each time these cruisers were observed we witnessed large Coronal Mass Ejections (CME) whether the appearance caused these flares or whether they knew in advance when these eruptions took place we still do not know. What is certain is that they seem to harness the energies of the CME's for purposes still unknown, although one could hazard a guess that they may utilise the energy for propulsion and sustainability, whether for peaceful intent or otherwise.

This scenario is also true for the “solar torpedo” issue, are earthly cabal attempting to hasten the sun's demise? Or preventing an event that is prophesied to come about

As many of you may have realised by now there is a “war going on out there” there is also one going on here too! And thereby hangs the crux of the matter. Are we seeing planned events on this planet, such as major global conflicts, in order to divert our attention from major earth changing events and large incoming outside solar bodies? This may certainly be the case.

In an article at Ambilac entitled DECISION FOR EARTH <http://ambilac-uk.tripod.com/ambilacukcopy/id12.html> we discussed the complex issue of the arrival of Plant X, and why this scenario is happening at this time. Basically a culmination of many events, both planned and natural will be used jointly to ensure our planet earth goes through its ultimate metamorphosis. This could be said to be both a physical and a spiritual process, and to be prepared for both would be the ultimate in anyone's book.

With the increasing solar events, earthquake and volcanic activity, extreme and unusual weather phenomena, not too mention the build up of major conflicts on our planet, this could be THE time we find ourselves entering prior to the BIG ONE.

Whatever one may think, preparation is the key word, whether physically or spiritually, forewarned is forearmed. Thus with that caveat I leave you to study the coming events and hopefully come to some modicum of an understanding as to what is about to occur.

I would like to make one last point here and that is, this is a joint effort for all concerned, we are all involved and as time literally speeds up (the Schumann resonance has definitely speeded up of late) we may begin to experience that enlightenment we all attain to secure.

For updates on events please keep an eye on the following sites.

Dear NASA Editors...

I've taken NASA Briefs for over 20 years...this service NOW is pretty NICE...BUT...Why do you still FEED the OLD nonsense about OTHER "possible" planets when your very OWN NASA leader has been to the Plejaren (Pleiadean) group twice in the late seventies...500 lt. yrs..A 30 day trip in a class 2 ship, 7.4 hrs in a class 3 "beam" ship; and also KNOWS that there are at least TEN Ambassadorial positions EXTANT (since the seventies again) with OTHER Planetary civilisations NOT including the KNOWN 320 Eridanus planets in the "Celestial" River group a scant 10 to 15 Light years away...from Orion's feet the Southern Constellation of Phoenix??? They were known as the "KATCHINA" to the Amer-Indians. They also consider OUR planet PART of their Empire. ALSO why are you hiding the WAR going ON just beyond Jupiter since June 8th of '99.

It is between the "IGF" and the Sirian group who took a year to get here from the fall of '98 and arriving on June 8th, '99?? ANY GOOD scope can SEE it!!! Also the NEW ship that SOHO saw coming in at 1.5 million miles per day...an **Eridanean "Plasma" Carrier with "drones"** in tow and has since Sept '99 reached the WAR ZONE beyond Jupiter.

I personally "WATCHED" the MANY ships around MARS while "HUBBLE" was allegedly "shut-down" during the Hale-Bopp Caper and afterwards when the "Companion" (A DRACONIAN Command ship) attacked the Galactic Fleet just beyond MARS on Sept 27th, 1997...and the meetings on MARS from Nov. 97 thru at least Feb of '98 when MARS went behind the SUN on the

western horizon from Texas. Thank you for SOHO, it has been VERY revealing!!! At least 3 to 9 ships were around MARS for 6 months that MARS could be seen. Again, I watched them DAILY!!! (also "mapped" them!!! Where were YOU??? I DO have a TOP Secret Clearance and AM familiar with MOST "COSMIC"-Top-Secret "Crap" as well.

Do you think the people of this Planet are actually that DUMB. They are LAUGHING at you!!! NASA means: "N-ever A S-traight A-nswer"!!! How about "changing" your reputation to something Believable!!!(Considering the evidences extant since 1947 when our 3.5 megawatt RADARS Knocked the cheap Sirian-made ships OUT of the sky on at least FIVE or more Occasions.) I am also PRIVY to ALL of them including "Hanger 18" and the 3-volt CHIP industry that started with GTE/Sylvania (before 1960) and later was given to Texas Instruments. Even their VICE Prexy admits to it!!! (Circa 1963/64)

Even the Bright Star: Capella has a civilization of "Warrior-Women" (Reptilian) who "revere" their smaller men...and it's a death sentence to "mis-treat" ANY of them! They are ALSO part of the Galactic (Also inter-Galactic) Federation. 150 of them were lost along with 250 Plejaren on Sept 21st just beyond MARS when a "Saboteur" wiped out the "front-end" of a large ship "waiting" for the Draconians to attack! (the 27th).

The recent "AMELIORATION" of the SUN in November of '97 (after "Ulysses" verified the 1962, (Jan 12th) "half-Life" Scenario that took 30 years (till 1991) to blow off its FINAL mantle and become an HELIUM STAR. The "BS" of the 30 year "warming" that was pushed by Uncle was a travesty of TRUTH! The 1962 Incident is what "birthed" "SKY-LAB...remember??? The BIG explosion near first week of September 1972 that tore away 2/3rds of the SUN's REAR side and was finally "printed" in Nat'l Geographic about 1978 or so. Again...the WHOLE World was KEPT "in the Dark" except for many that I informed of the "happenings".

GLOBAL WARMING, HUH??? Yeah, SURE...I should well HOPE SO.a Helium Star is a pretty HOT baby. Sept. 11th of 1998 was a pretty good time for you to FIRST admit that the SUN had REGAINED its Polarity...say WHAT...WHY didn't you inform the public on Jan 12th, 1962??? The SPECTRUM" of the SUN is even NOW different with HIGH intensity from Yellow thru x-rays!!! The SUN bathers NEED to be informed as the "extant" SUN-BLOCK does NOT work. I act as a "first-aid" person at some NUDIST gatherings and manufacture an EMU-OIL-based SUN Block MADE to work in the NEW "paradigm"!!! NONE of the OLD ones even BEGIN to do the job NOW needed!!!

Don't you think the population of this U.S. (and the WORLD) is intelligent enough to handle the TRUTH??? Just think, had you told the TRUTH in the sixties...you'd already have had MOST of the Population in the 7000 Concentration Camps built for just that purpose...MARTIAL LAW;..Oh, that's right...you had to have a coast to coast FREEWAY system first...that DID take a while, RIGHT??? That DID "simplify the Transportation"

problems...chuckles. It's TOO LATE Fellows, the populace ALREADY KNOWS the STORY...and are NOW waiting for the BIG Earth-Quakes, starting with the Dec 3rd one in Calif. in the year 2003 @ 0103 AM!!! 3.5 million will be killed!!! Our THEN PREXY, Al Gore. will have a pretty BAD problem on his hands considering the Financial Markets will also go SHAZBOT!!! Not too good for his seemingly nice popularity!!!(then).

OK, enough for NOW, but watch out for the first week of JULY in 2011...that's going to be another BIG'un...BIGGER than the Calif. tragedy...only on the EAST Coast!!! Even Houston will be evacuated...and that's a LONG way from the "epi-center" that will make Rio de Janeiro "Dis-appear" in about 10 seconds. The WHOLE Gulf and East Coast will ALSO be affected, NOT to mention many countries in South America.

WHY am I writing this...because I'm SICK of the LIES being told the INNOCENT people of this country!!! (AND the whole WORLD as well!!!)

A brief background of Robert Trebor and the above in full is posted at:

Section quote from above:

...
..the fact that I've been an Aerospace Engineer since 1962, A consultant for the last 15 years with TOP secret clearances; and from "personal experiences" NOT common to MOST of the world. (I'd say that I was in a distinct minority here, but I Do know that there are quite a FEW who have been put through "STAR-SCHOOLS", however, MOST of what they were taught is still in a LOCKED place in their memories.) I've been FED some pretty wierd info from time to time as well...but ALL of it MAKES SENSE!!!.

WHAT ARE THOSE SUN SHIPS?

A reply from Robert Trebor concerning an early query regarding the Solar carriers.

Question:

What is your idea about the SUN and ships that go can travel thru it....

Answer:

Date: 3/31/00 9:49:31 AM Pacific Daylight Time

Each, in comparison to the SUN were as large or larger than Venus...or nearly the size of EARTH. The HUGE Spacecraft that delivered them was a Sphere with a "stabalization" ring around it. It "SPLIT" right after firing the missiles at the apex of "delivery-Trajectory" curve. The entire GIF-SET was pretty complex, but really GOOD!

As for ships actually going THRU the SUN...They would HAVE to be "DRONES" as No humanoid could ever stand the heat! If they ARE "probing" the interior, it's because they are still using Cosmic triggers to convert the SUN as thoroughly as possible. That would also explain one of the recent "SPURTS" of Flame that looked almost exactly like the two originals. Remember, we're working with an Homogenous MASS of "SPENT" Helium that MUST be converted in order to support the Nuclear chemistry" needed to keep the SUN active and near normal for the next 1045 years when ALL the Helium conversion will have been expended. The NOVA, at least will be delayed till then and TIME bought for relocations to begin. (Again, "protocols" for same will begin on May 28th.)
